### Withdrawals from a Money Market account

There are two kinds of withdrawals:

- 1) Transfer
- 2) Direct Withdrawal.

The following withdrawals are limited to 6 per statement period without incurring a fee.

#### 1) A Transfer which may be defined as:

Moving money between accounts with internet banking  
Moving money between accounts thru telebanking  
An electronic withdrawal (ACH) by a third party  
A wire transfer  
A withdrawal triggered by an Overdraft Protection event or Sweep

#### 2) A Direct Withdrawal as a check made payable to a third party.

Limits do not apply to withdrawals made in person.  
Excessive withdrawals will result in movement of funds to a transaction account.

### Tiered Rates

The earning potential of our Money Market, Super Checking and Organization Checking increases as the balance grows, hitting specific levels, or tiers. The higher the balance, the better the rate. When it reaches one tier, it earns that rate. When it falls to a lower one, it earns that rate.
